Agent Name _____ (QAL, QAC, PAC) Lic.# _____

Authorized Reps Yes No Name(s) _____

Mailing Address _____

Physical Address _____

Phone _____ E-mail _____

Are you growing an agricultural commodity? Yes No

Please answer the following questions so an inspector can begin writing your permit. Permits must be signed and issued before pesticide applications are made for the calendar year. Please attach a map of the location(s) the permit will cover and label growing sites. If the sites are inside (such as a greenhouse) include an interior diagram with rooms labeled. When the permit writing process is complete, you will be contacted by an inspector to discuss the details of the permit.

Pesticides you're planning on using (Please list): Same as previous year

Pest(s) you will be treating for: _____

Do your employees apply pesticides? Yes No

Do you hire a company to apply pesticides? Yes No

Do you have a well on site? Yes No

Are bee hives kept on your site(s)? Yes No

Do you have a CalAg Permits Account? Yes No

If no, write preferred username here: _____

Please complete page 2 regarding sites, crops, and area. Area should be recorded in acres or square feet. If completing this form for a Structural, Maintenance Gardener, or Agricultural Pest Control Business this information is not required. For more information regarding permits, pesticide use, and inspection procedures, please visit the department website at: www.agcomm.saccounty.net
